## RAILWAYS.

### East of Chicago.

ASHLAND & WOOSTER.—H. B. Camp, Akron, O., writes us that this railway is projected to connect West Lebanon, Apple Creek, Wooster and Ashland, O. No officers have as yet been selected.

BALTIMORE & OHIO.—Newspaper reports state that this company will spend about $500,000 in terminal improvements at Cleveland, O. Contracts are also stated to have been awarded for improvements on the terminal facilities at Pittsburg, Pa. The Drake & Stratton Co., of Philadelphia, Pa., has the contract for about 10,000 cu. yds. of masonry. Booth & Flynn, of Pittsburg, have been awarded a contract for paving. It is estimated that the work to be done will cost about $2,000,000. A contract for painting the Pittsburg station has been awarded to Isaac McCurry & Sons, of Baltimore.

DETROIT & MACKINAC.—The extension to Bay City, Mich., will be finished within a few weeks. The old line of this railway is 160 miles long. Ch. Engr., D. J. Casey, Bay City, Mich.

GLENWOOD.—A charter has been issued to this company to build a railway from a point on the Pittsburg & Connellsville R. R., in the 23d Ward of Pittsburg, Pa., to a point on the main line of the same road between the stations of Marion and Laughlin Junction, length of line to be two miles; capital stock, $20,000. Pres., James B. Washington; directors, A. W. Black, S. K. Harris, O. A. Constans, Howard Q. Turner, James A. Smith and Thomas W. Gallagher.

LAWRENCEBURG, SOUTH BEND & MILWAUKEE.—A dispatch from Ligonier, Ind., states that John M. Caulfield is at the head of a project to give Indiana cities direct communication with Milwaukee by the construction of a railway from Lawrenceburg, Ind., to Benton Harbor, the northern terminus, and thence by transports to Milwaukee. Benton Harbor has voted $15,000 for the construction of a bridge across the St. Joe River, near Royalton, on the proposed route, which has been surveyed from Lawrenceburg to Benton Harbor.

LAKE SHORE & MICHIGAN SOUTHERN.—It is stated that this company will spend $200,000 in new equipment. Orders for 12 locomotives and about 900 freight cars are to be placed. Supt., P. S. Blodgett, Cleveland, O.

LEHIGH VALLEY.—Press reports state that extensive improvements are to be made at Rochester, N. Y., which will include an extension of tracks and a new depot. Ch. Engr., Chas. E. Webster, South Bethlehem, Pa.

NORTHEASTERN.—This company has been incorporated with headquarters at Cleveland, O; capital stock, $100,000. The company proposes to build and operate a railway through Cuyahoga, Lake and Summit counties, O.; terminating in the latter county.

NEW ENGLAND GRANITE.—Bids are asked by this company, located at Concord, N. H., until Aug. 15, for estimates for putting in road-bed for a proposed railway track. For profile and all information address F. A. Merrill, Concord, N. H.

SEBASTICOOK & MOOSEHEAD.—W. T. Davis & Son, Boston, Mass., are stated to have a contract with this company to do grading near Harmony, Me. The firm has already begun work.

WILKES BARRE & NORTHERN.—C. H. Cooke, Asst. Engr., Dallas, Pa., writes us that the project; length is eleven miles, connecting Luzerne, Truckville, Ice Cave, Dallas, Idetown and Harvey Lake. The right of way from Luzerne to Dallas has been fixed for a distance of six miles and a great portion graded. Cars will be running as far as Dallas by Oct. 1. This may be the terminus of the road until spring. Ties are being distributed along the route. Tracklaying is expected to begin about Aug. 1. A. A. Holbrook, contractor, Pres., John B. Reynolds, Wilkes Barre, Pa.; Ch. Engr., Thos. Wright, Luzerne, Pa.

WISCASSET & QUEBEC.—The stockholders are said to have voted to issue $900,000 in bonds to extend this railway from Wiscasset to Pittsfield, Me. Supt., J. P. Tucker, Wiscasset, Me.

WHEELING & LAKE ERIE.—It is stated that this company proposes to build considerable second track this year between Wheeling, W. Va., and Toledo, O., and something on the extension from Martin's Ferry, O., to Bellaire, O. Ch. Engr., W. J. Sherman, Toledo, O.

### Southern.

ABERDEEN & TENNESSEE RIVER.—A press report from Aberdeen, Miss., states that this railway is being surveyed from Aberdeen via Amory, Smithville, Fulton, Walker's Ridge, Bay Springs, and Burnsville to Pittsburg Tenn., on the Tennessee River. W. C. Fitzgerald, Pres., and A. P. Taliaferro, Secy and Treas. The right of way has been granted on nearly the entire line. It is intended to begin work on the road about Sept. 1. This road will be about 120 miles long and runs through fine timber lands.

CAROLINA, TENNESSEE & OHIO.—It is stated that Frank H. Blodgett, contractor for this railway, between Wilmington and Southport, N. C., has begun work in Brunswick county. The grading will commence in a few days. It is expected to begin laying rails in August, and to complete the 30 miles of road by Nov. 30.

CHARLESTON, CLENDENIN & SUTTON.—It is reported that work on this line, which is ultimately to extend from Charleston to Sutton, Braxton county, W. Va., is being pushed rapidly. An iron bridge 100 ft. in length, over Big Buffalo Creek, has been completed and tracklaying is in progress beyond that point.

CAPE FEAR & YADKIN VALLEY.—This company is building a branch railway from Greensboro, N. C., to a point in Chatham county, where new iron mines are being developed. One or two locomotives and flat cars will be bought. Gen. John Gill, receiver, Baltimore, Md.; Ch. Engr., H. L. Fry, Greensboro, N. C.

GEORGIA & SOUTH CAROLINA.—Savannah capitalists will build a 25-mile railway from Savannah, Ga., to a point in Beaufort county, S. C. Surveys have been made. The road will pass by Bluffton, S. C., and the terminus will reach a deep water point on the waters of which Port Royal is the entrance.

NORFOLK, WILLOUGHBY SPIT & OLD POINT.—The stockholders of this road met at Norfolk, Va., last week and elected the following officers: Pres., H. L. Page, Vice-Pres., I. A. Page; Secy. and Treas., E. C. Norton. Work on the road from the terminus of the Ocean View Ry., at Norfolk to Willoughby Spit, will begin at once.

PITTSBURG, LAW GAP & ADDISON.—This company has been incorporated to build a railway; capital stock, $200,000; incorporators: J. L. Wheeler, H. F. Miller, A. D. Miller, A. C. Burch, T. W. White, all of Wainville, W. Va.

PRIVATE.—H. Krug, Krug, Md., writes us that A. Knabb & Co. are building five miles of narrow gage railway for logging purposes. The company has already completed seven miles. The company is doing its own constructing.

### Northwest.

CHICAGO, MILWAUKEE & ST. PAUL.—Press reports state that work on the double-track of the Council Bluffs division has been resumed, and the second track will be completed to Genoa, Ill., 50 miles, by Sept. 1, and by Jan. 1 it is expected it will be extended to Savannah, Ill., on the Mississippi River, 138 miles from Chicago. Ch. Engr., D. J. Whittemore, Chicago, Ill.

CHICAGO & NORTHWESTERN.—A press dispatch from Oskaloosa, Ia., states that the contract for building six miles of new railway in this county has been let to John F. Gunn, of Oskaloosa. The new line will run from Stark Station to a new coal shaft six miles west.

CHICAGO & NORTHWESTERN.—John E. Blunt, Ch. Engr., Chicago, Ill., writes us that the projected length of the Wisconsin Northern extension, noted in our issue of July 23, is 60 miles; 30 miles are now graded and 6 miles of track laid.

MINNEAPOLIS, ST. PAUL & ASHLAND.—Press reports state that on the first section running southwest from Ashland, Wis., a distance of 25 miles, the grading has been completed. Some time soon the contracts for the remainder of the road to St. Paul will be let in Minneapolis. The line will be about 180 miles long. Rails for the entire line will be received at Ashland by water, and laid from there southwesterly. The road will open the most valuable hard wood and pine left in northwest Wisconsin.

PEORIA & ST. LOUIS.—It is reported that D. L. Wing, Springfield, Ill., has the contract for construction. Right of way is secured from Springfield to Pekin and work is to begin soon. Pres., Lewis H. Thomas, Thomasville, Ill.; Secy., Wm. B. Corneau, Springfield, Ill.

### Southwest.

BAY CITY & BOLIVAR.—It is stated that a company has been organized at Houston, Tex., to build a railway to connect Bay City with Bolivar, Tex., a point about seven miles above Columbia, on the Brazos River, in Brazari county. An old roadbed from Columbia to Wharton will be used, giving about 20 miles already graded. The road when finished will be about 35 miles long. It is proposed to extend it ultimately from Bolivar to Chenango, a distance of about four miles, to connect with the Velasco Terminal.

CASSVILLE & WESTERN.—It is stated that this road has just been completed between Exeter, on the St. Louis & San Francisco main line, to Cassville, Barry county, Mo., a distance of five miles. J. M. Bayless, of Cassville, Pres. and Gen. Mgr., is the principal owner of the road. It is expected that it will be extended from Cassville to Harrison, Ark., 62 miles.

DALLAS TERMINAL.—A press dispatch from Dallas, Tex., states that work has been resumed on this railway and that the road will be ready for use by fall.

OKLOONA & SOUTHWEST ARKANSAS.—The Atkins, Ark., "Chronicle" states that J. A. Woodson, receiver, has awarded to Contractor Dodson the work of extending this railway from a point three miles from Antoine, Ark., to the site of a new town to be known as Pine City, a distance of ten miles west into Pike county. The grade is already completed and the rails will be down by Sept. 1. The line will then be 35 miles in length.

OMAHA, KANSAS CITY & EASTERN.—This company has been incorporated in Missouri with a capital of $1,500,000, to construct 34 miles of railway between Plattsburg, Mo., and Trenton, Mo., purchase the Quincy, Omaha & St. Louis Ry. and also the Omaha & St. Louis, thus securing a continuous line from the Missouri River to Quincy on the Mississippi.

WHITE RIVER VALLEY & WESTERN.—Nathan B. Williams, Secy., Fayetteville, Ark., writes us that this company has been incorporated with a capital stock of $2,000,000, $250,000 subscribed, to build a railway 250 miles long, from some point on the Kansas City, Pittsburg & Gulf R. R., in Indian Territory, by way of Fayetteville and Harrison, Ark., eastward to intersect the Iron Mountain R. R. This line will open a country of 8,000 square miles, and in which there are 175,000 people without railroad facilities of any kind, and which is rich in zinc, building stone, timber and agricultural lands. Among the incorporators are: Geo. A. Haggerty, Southbridge, Mass.; G. H. Candee, Lowell, Mass.; Chas. Babbidge, Brooklyn, N. Y.; Egbert Guernsey, New York, N. Y.; and Geo. P. Bassett, Cincinnati, O. The company will soon begin a complete survey of the line, and when the same is finished will issue a prospectus to railway men and investors generally.

### Rocky Mountain and Pacific.

NATCHEZ PASS.—The Tacoma, Wash., "Ledger" states that this company has been incorporated with a capital stock of $15,000 to build a logging railway. Five miles of track have already been laid; incorporators: James McNeely, Wm. Fettig and Thos. McNeely, Buckley, Wash.

SAN FRANCISCO & SAN JOAQUIN VALLEY.—It is expected that tracklaying will be completed to Fresno, Cal., within a few weeks, and construction work is being pushed vigorously. The line will extend from Stockton to Bakersfield, passing through a rich wheat country. Several additional engines have been ordered from the Baldwin Locomotive Works, and additional cars have also been ordered. Ch. Engr., W. B. Storey, San Francisco.

SALT LAKE & PACIFIC.—This company has surveyed two routes of 100 miles each from Salt Lake City to the Dugway lead mining district. The construction would be light, with maximum grades of 80 ft. per mile, crossing the desert. Ch. Engr., H. M. McCartney, Salt Lake City.

SOUTHERN PACIFIC.—Work is in progress on the new Coast Line to Los Angeles, Cal., extending south from San Jose, where it connects with the line entering San Francisco, thus avoiding the detour of the line to Oakland with ferry connection to San Francisco. The grades will be much easier than on the present line, and it is expected that the time of the trip between the two cities will be cut down by five or six hours. The line is being very substantially built for heavy traffic. Some small spurs and branches are also being built in the fruit districts. Ch. Engr., Wm. Hood, San Francisco, Cal.

UTAH & CALIFORNIA.—The field parties have been called in for the present to await developments in the financial conditions. The line is proposed to extend from Milford, on the San Francisco branch of the Union Pacific Ry., to a connection with the Southern Pacific Ry., near Los Angeles, thereby affording a direct line from Salt Lake City to Southern California. The road would use about 125 miles of roadbed graded some years ago by the Union Pacific Ry. Ch. Engr., H. M. McCartney, Salt Lake City, Utah.

### Foreign.

HAYTI.—It is stated that Dantes Destouches has engaged to construct for the government of Hayti a single-track railway, starting from Port au Prince, to end at the Lakes. The length will be about 25 miles, through Croix-des-Bouquets, through the great and little plains of Culde-Sac in such manner as to reach the most populous communities. The gage will be 3 ft. 3.37 ins.; rails shall weigh about 50 lbs. per yd.; all buildings to be of brick and iron.

## INDUSTRIAL NOTES.

THE EMPIRE BOILER CLEANING CO., 19 Whitehall St., New York, has made an assignment.

THE EDWARD P. ALLIS CO., Milwaukee, Wis., has received the contract for a large hoisting machine for W. A. Clark, Butte, Mont.

THE BABCOCK & WILCOX BOILER CO., New York city, has received the boiler contract for the Union Elevated Loop Ry., at Chicago, Ill.

THE HAMILTON TILE WORKS CO., Hamilton, O., has had a receiver appointed. The company was incorporated in 1884 with a capital stock of $50,000.

THE HOLYOKE MACHINE CO., Holyoke, Mass., has the contract to furnish the Otis Falls Pulp Co., Otis, Mass., with pulp grinders to cost $77,000.

THE WALKER & PRATT FOUNDRY, at Watertown, Mass., started up July 28 after a shut down since July 3. Steady work is expected for the fall and winter.

THE ELLIOTT MACHINE CO., Baltimore, Md., has been awarded a contract to supply the United States treasury at Washington with three large boilers, to cost $9,219.

THE CORLISS STEAM ENGINE CO., Providence, R. I., has been awarded the contract for three 2,500-HP. cross compound engines for the Union Elevated Loop Ry., at Chicago.

PARKKHURST & WILKINSON, iron and steel dealers, Chicago, Ill., have made an assignment; assets, $300,000; liabilities, unknown. The firm made an assignment in 1893 for $500,000.

THE W. H. WOOD FOUNDRY CO., Troy, N. Y., has transferred its property and interests to Mr. James Treadgill and Mr. Matthew McLaughlin, who will conduct the business from this date.

HILL, CLARK & CO., of Chicago, Ill., have received from London, Eng., an order for 40 Brainard milling machines, making 60 of these machines ordered from this company by the same English firm within the last month.

THE MARLIN FIRE ARMS CO., New Haven, Conn., has received a contract for the fire arms for the New York state militia. The Savage rifle, described in our issue of July 23, is to be furnished. The contract calls for 15,000 rifles at a cost of $250,000.

THE CUNARD STEAMSHIP CO., New York city and London, is stated to have ordered the construction of three new 5,000-ton steamships. The vessels are to be built at Belfast and adapted for the carrying of freight and the cheaper passenger traffic.

THE CONSOLIDATED ENGINEERING CO., New Orleans, La., has been incorporated by engineers and general contractors. The company undertakes all classes of engineering designing and contracting. Pres., P. F. Chanute; Vice-Pres. and Gen. Mgr., C. M. Pasquier.

THE INGERSOLL-SERGEANT DRILL CO., New York city, has received an order from the Pennsylvania R. R. Co. for four of its duplex air compressors of the class G pattern with Myer valve gear; steam cylinders 10 ins. in diameter; air cylinders 10¾ ins. in diamter; stroke 12 ins.
